

## REFUGEES' TRAINS MAKE GOOD TIME

Under Conditions Run from  
Mexico City to Coast Is  
Called Fast.

## WASHINGTON GIVES OUT MANY NAMES

Consuls and Others Report That  
Americans Are All Reaching  
Places of Safety.

(By Cable to The Tribune.)  
Mexico City, April 30.—Remarkably  
fast time was made, considering the  
conditions, by the three trains bearing  
refugees from Mexico City to Puerto  
Mexico, according to reports received  
here to-night.

The trains reached Santa Lucrecia,  
the junction of the Vera Cruz & Isthmus  
Railway with the Tehuantepec  
route, at 2 o'clock this morning, having  
traversed the worst part of the journey.  
From there to the coast the trains had  
a clear way.

The trains arrived at Puerto Mex-  
ico at 5 o'clock this morning and the  
refugees were taken aboard the Ham-  
cock at once. Great satisfaction was  
expressed here that the journey was  
accomplished safely.

Washington, April 30.—Among the refu-  
gees reported by Consul Canada as hav-  
ing arrived safe at Vera Cruz is a col-  
ony from the Alvarado Construction  
Company, of Pittsburgh, at Macinso,  
State of Oaxaca, which completed the  
journey from Alvarado in a fishing  
schooner. In the party were P. W.  
Weber, wife and four children, of St.  
Louis; R. H. Grimshaw, wife, daughter  
Mary and sons, of John's Island, S. C.;  
Eugene Knigge, of Yorktown, Tex.;  
Henry Brenwald, of Goose County, Ore.;  
Frank Adams, negro servant, and Wal-  
ter Schwachow and wife.

The following arrived from Oaxaca by  
way of Mexico City: Dr. H. A. Monday  
and wife, of Terrell, Tex.; A. E. Place  
and wife, of Boston; William Fernandez  
and wife, of Brownsville, Tex. They re-  
ported that twenty-seven other Ameri-  
cans were on a train bound to Puerto  
Mexico. According to their accounts, all  
Americans left Oaxaca after the Govern-  
or had advised that they leave. The  
Governor furnished them with a special  
train and military escort as far as Mex-  
ico City. L. O. Cook and J. E. Snyder,  
of Tierra Blanca, also arrived on the  
same train.

Others on Way Out.  
Consul Canada further reported that  
other Americans were making safe pro-  
gress out of the country. Guy P. Merlan,

## THE PORT OF MANZANILLO, REPORTED BOMBARDED

wife and three children, and W. F. Din-  
kins and Mrs. H. C. Dinkins have left  
Mexico City for Puerto Mexico. The son  
of Ralph Smith, of Jacksonville, Fla., has  
arrived at Vera Cruz, and is said to have  
left for the United States. Mrs. L. L.  
Lamar is reported to be in Jalapa. Carlos  
Lamar has arrived in Vera Cruz. S. M.  
Emery and wife, C. M. Grigsby, J. P.  
Kunz, Charles C. Dupar, Claudia Hag-  
gard, R. W. Lee, W. L. Walker and wife,  
William A. Parker and wife, William E.  
L. Parker, Mrs. Betty Parker, Hal Brennan,  
P. E. Townsend, W. A. Wayland and Jay  
Fry are all safe.

Consul General Bucklin, at Guatemala,  
was instructed by the State Department  
to-day to furnish food, transportation  
across the country and ship passage to  
New Orleans for 160 American refugees  
now on their way to San José, Guatemala,  
from Salina Cruz, on the Mexican Pacific  
coast.

Consul Hanna, at Monterey, reported  
that order has been restored in that city  
since its occupancy by the Constitutional-  
ists, and that business was being resumed.  
No Americans were killed in the fighting.  
Guy Sawyer received slight wounds, from  
which he is recovering.

Consul Canada advised that Burton  
Wilson, who was taken off Chagré  
O'Shaughnessy's train from Mexico City  
and wife, of Brownsville, Tex. They re-  
ported that twenty-seven other Ameri-  
cans were on a train bound to Puerto  
Mexico. According to their accounts, all  
Americans left Oaxaca after the Govern-  
or had advised that they leave. The  
Governor furnished them with a special  
train and military escort as far as Mex-  
ico City. L. O. Cook and J. E. Snyder,  
of Tierra Blanca, also arrived on the  
same train.

Brownsville, Tex., April 30.—Twenty-  
seven American refugees reached  
Brownsville last night from Monterey en  
route to their homes in the United States.  
The party includes J. C. Townsend and  
wife, Racine, Wis.; M. T. Montgomery,  
Pittsburgh; N. K. Archer, Youngstown,  
Ohio; J. P. Jones, wife and child, Omaha,  
Nebr., and O. P. Thomas and wife, Cleve-  
land, Ohio.

Montgomery, who was superintendent  
of tramways for the Monterey Railway,  
Light and Power Company, says he was  
sentenced to be shot at 2 o'clock on the  
morning of April 24. Fifteen minutes  
before the time set for the execution the  
rebels entered the city and his guard  
fled. Montgomery was accused of having  
aided the rebels.

San Diego, Cal., April 30.—With 150 refu-  
gees from various ports on the west  
coast of Mexico on board, the auxiliary  
cruiser Glacier passed San Diego to-day  
bound for San Francisco.

Sixteen refugees from Mazatlan ar-  
rived here to-day on the United States  
collier Justin. Eleven were landed, the  
others going to San Francisco. Those  
landed here were A. Lichtenwalder and  
wife; Henry Cohen, wife and son; Jacob  
Montis, wife and son; D. K. Klingburg,  
G. W. Beach and H. Baker.

Conditions at Mazatlan were reported  
serious, with the rebels investing the  
town and the water supply inadequate.

Galveston, Tex., April 30.—Galveston  
welcomed the 430 refugees released to-day  
from quarantine on board the battleship  
Connecticut, which brought them here on  
Sunday from Vera Cruz and Tampico.

Guatemala City, April 30.—A large num-  
ber of refugees of all nationalities from  
Salina Cruz and the Isthmus of Tehuante-  
pec arrived yesterday on board the Eng-  
lish steamer Acajutla at San José, a small  
Guatemalan port on the Pacific.  
Fugitives who have crossed the Mexican

frontier into Guatemala from the Mexican  
town of Tapachula report that riots  
have occurred there during which the  
American flag was grossly insulted.

Some of the refugees declare that at-  
tempts to massacre foreigners, regardless  
of nationality, were averted only by the  
prompt action of the Mexican military  
commander of Tapachula, who placed the  
foreigners in prison and guarded them  
from the mob.

## VICTORY FOR CONVENTION

Proposition Carried in State by  
Majority of 1,353 Votes.

Albany, April 30.—A majority of only 1-  
33 votes carried the proposition of hold-  
ing a constitutional convention beginning  
in April, 1915, the State Board of Can-  
vassers reported to-day. The election  
was held April 7.

The total vote cast for the convention  
was 155,322, to 151,969 against it, while 5-  
13 ballots were blank or void, making a  
total of 30,444 cast. Based on the Presi-  
dential election of 1912, this is about one-  
sixth the normal vote, 1,575,383 having  
been cast for all candidates for President  
at that time.

Only nine counties voted favorably to  
the proposition, and the overwhelming  
majority run up in Greater New York  
alone carried it through. The nine coun-  
ties were New York, Kings, Queens,  
Richmond, Bronx, Westchester, Erie,  
Onondaga and Hamilton. They cast 97-  
24 votes for the proposition and 45,269  
against it. The remaining fifty-three  
counties gave a total vote of 151,969 for  
and 111,599 against.

Delegates to the convention will be  
chosen at the fall election. It is expected  
the convention will last about two  
months.

## MRS. VON CLAUSSEN LOSES

Fails to Win Bail—Trial Set  
for Tuesday.

Mrs. Ida Von Clausen was arraigned  
yesterday before Judge Mulqueen.  
In General Sessions, on the charge of send-  
ing a threatening letter to Charles  
Strauss, president of the Board of Water  
Supply. She pleaded not guilty, and her  
trial was set for Tuesday.

Randolph M. Newman, counsel for Mrs.  
Von Clausen, indulged in a lively tiff  
with Judge Mulqueen, regarding the right  
of his client to be admitted to bail. The  
judge refused to set bail, remarking that  
he thought she had plenty of time to re-  
cuperate while in the hospital at Matten-  
wan.

"Do you think that is a place to recu-  
perate?" retorted Newman, "surrounded  
by eight hundred crazy people?"  
Mrs. Von Clausen appeared before Jus-  
tice Davis, in the Supreme Court, later in  
the day on a writ of habeas corpus. There  
her request for bail was denied.

She was taken back to the Tombs.

## FIND DIAMONDS ON SHIRT

Customs Inspectors Discover  
\$2,000 Worth in Second Cabin.

Uncut diamonds worth \$2,000 were found  
by customs inspectors on Meyer Barzelay.  
A second class passenger, who arrived  
yesterday aboard the steamship President  
Grant.

Acting upon information from outside  
sources, customs men carefully examined  
the baggage carried by Barzelay when  
the steamer docked at the pier in Ho-  
boken. The passenger first declared that  
he had nothing dutiable, but when he was  
told that he would be searched he made a  
vigorous protest. The search revealed a  
package of stones sewed to Barzelay's  
shirt. They had been entrusted to him,  
he said, by a diamond dealer in Amster-  
dam, Holland. He was to sell them in  
this country on commission.

Immigration authorities have detained  
Barzelay for the purpose of making an  
investigation as to his fitness as an alien,  
but it is probable that Collector Malone  
will secure his surrender in order that he  
may be prosecuted on a charge of smug-  
gling.

## SIOUX BRAVES AT CHURCH

Wild West Indians Sing "Rock  
of Ages" in Native Tongue.

Three hundred members of the 301  
Ranch Wild West Show at Madison  
Square Garden walked down to Grace  
Church yesterday and attended a special  
service arranged for them. More than  
forty received communion. Fourteen  
braves from the Sioux reservation sang  
"Rock of Ages" in their native tongue,  
without organ accompaniment.

The impressive feature of the service  
was the translation by Charlie Yellow  
Boy, official interpreter, of the address of  
the rector, the Rev. Charles L. Slattery.  
Dressed in his native garb, with a head-  
dress made of eagle feathers and carrying  
in his right hand a silver-headed hatchet,  
Charlie told the Indians that all were  
brothers in the sight of God.

## IRISH ANGRY AT CHURCHILL

His Proffer of the Olive Branch  
Fails to Please Any One.

(By Cable to The Tribune.)

London, May 1.—Though omens for a  
peaceful solution of the Ulster problem are  
on the whole favorable, angry partisans  
are still working against any settlement.  
The Unionist party is willing to accept  
the total exclusion of Ulster as an alterna-  
tive to civil war, but the Nationalists  
still refuse to go beyond the six-year  
limit. It is within that period a federal  
system is established well and good, but  
they will insist on the inclusion of Ulster  
after that period, with or without federal-  
ism.

Winston Churchill's tentative offer of  
the olive branch does not seem to have  
pleased anyone in Ireland. The Unionists  
regard the offer with suspicion, while the  
Nationalists are furious and denounce it.

## WOULD ABROGATE CANAL TREATY

Resolution Introduced in House  
—Tolls Debate Begins  
To-day.

(From The Tribune Bureau.)  
Washington, April 30.—A resolution call-  
ing upon the President to open negotia-  
tions for the abrogation of the Hay-  
Paucofote treaty was introduced to-day  
by Representative Frank Smith, a Mary-  
land Democrat.

Mrs. Smith proposes that the transfer  
of the southeastern portion of Alaska to  
Canada be included in the negotiations.  
He asserts that the Hay-Paucofote  
treaty "has proved and will continue to  
be a source of dispute and irritation to  
the people of the United States." The  
resolution also declares that the narrow  
strip of coast of Southeastern Alaska de-  
rives one-third of Western Canada from  
free access to the Pacific coast, and that  
"this strip of coast is an irritation to the  
people of Canada." In the interest of the  
peace movement and for the sake of ex-  
ample Mr. Smith provides that "the Presi-  
dent is hereby requested to negotiate  
with the governments of Great Britain  
and Canada regarding the transfer of  
Southeast Alaska to Canada, by sale or  
exchange, or both, the repeal of the Hay-  
Paucofote treaty being one of the con-  
ditions of the transfer."

The controversy over the repeal of the  
tolls exemption clause of the Panama  
Canal act was transferred to the Senate  
to-day with the report of the bill, without  
recommendation, from the Committee on  
Inter-oceanic Canals.

With the adoption of the amendment  
declaring that the legislation is not to be  
construed as a waiver of any rights by  
the United States, an ample majority for  
the support of the measure is said to be  
assured.

## WITNESS FOR FRANK OUT

Pastor Resigns After Making  
Murder Affidavit.

Atlanta, April 30.—The Rev. C. B. Raga-  
dale, pastor of the Plum Street Baptist  
Church here, resigned his charge to-day  
on account of the charge he made in the  
case of Leo M. Frank, of Brooklyn, N. Y.,  
under death sentence for the murder of  
fourteen-year-old Mary Phagan.

The minister said that James Conley, a  
negro, killed the girl.

The action of the minister followed a  
visit from a committee from the church.  
Arguments on the pending motion for a  
new trial for Frank will be resumed in  
the Superior Court here Friday.

Frank issued a statement to-day in  
which he declared popular clamor alone  
was responsible for his conviction.

A motion for a new trial is pending.  
In a detailed analysis of testimony at  
his trial Frank attempts to show that the  
story of James Conley, a negro factory  
sweeper, who testified that Frank had at-  
tacked and then killed the girl, was con-  
tradicted by eight white women witnesses.

## WANT "WAR TO THE KNIFE"

Louisianians Will Have Nothing  
Less, Daniels Hears.

(From The Tribune Bureau.)

Washington, April 30.—Colonel Robert L.  
Ewing, Democratic National Commit-  
tee-man for Louisiana, called on Secretary  
Daniels yesterday and told him that the  
people of his state were for war to the  
knife with Mexico. Colonel Ewing, like  
Secretary Daniels, is a newspaper editor.

"Our people are tired of waiting any  
longer," he said, "and they believe that  
the time has arrived for us to intervene.  
They want war to the knife, and won't  
be satisfied with anything else."

## TO INSURE SOLDIERS AT REGULAR RATES

Metropolitan Life Policyholders  
Free to Enlist in Either  
Army or Navy.

War risks will be written by the Metro-  
politan Life Insurance Company at regu-  
lar rates and for full benefits in case of  
death, according to instructions sent to  
agents throughout the country yesterday.

Policyholders and men about to enlist who  
might desire insurance are covered in the  
instructions, which read in the case of those  
already insured as follows:

"The insurance of such persons in the  
Metropolitan is not prejudiced, either in  
the ordinary or the industrial depart-  
ment, even though there be a restrictive  
clause in the policies. Our policyholders  
are entirely free to enlist in either the  
army or the navy, and in the event of  
death as a result thereof the claims will  
be promptly paid."

The only limitation in the cases of those  
who may apply for insurance is that the  
beneficiary must be a bona fide depend-  
ent, and that the maximum amount be  
\$2,000 on any of the ordinary plans, carry-  
ing at least the premium of 20 payment  
life policies, with annual premiums.

Agents are instructed that canvassing  
at recruiting stations will not be per-  
mitted.

## Floated Grounded Steamship.

Spring Lake, N. J., April 30.—The Aus-  
trian steamship Federica, ashore since  
Tuesday off Harvey Cedars, was floated  
with the aid of wrecking tugs late to-  
day. Under convoy of a tug she started  
for New York City. She was on her way  
from Cuba to New York with a cargo  
of sugar when she lost her way in the  
fog and grounded.

## WOOD TO INSPECT WAR PREPARATIONS

Major General, Again Com-  
manding Eastern Troops,  
Coming Here Monday.

## "PRACTICE" SHELLS AT GOVERNOR'S ISLAND

Boatloads Delivered—Fishkill  
May Be Camp Site—Trans-  
port Service Perfected.

While the Department of the East sat  
tight on the war situation yesterday, a  
significant move was made in the placing  
of Major General Leonard Wood in  
control of the department. General Wood  
has been in Washington awaiting orders.  
He is expected to come to Governor's  
Island and make an inspection on Mon-  
day. He will not assume active command  
for some weeks.

Brigadier General R. K. Evans, who has  
been in command, left for Washington  
yesterday with the intention of inspecting  
sites in the South for embarkation in case  
the whole troops of the Department of  
the East are ordered out of the country.  
He will return to Governor's Island and  
retain command of a brigade under Major  
General Wood.

Not a word was received at Governor's  
Island yesterday that would indicate how  
the War Department felt about the  
trouble in Mexico. Boatloads of shells  
"for practice" were unloaded at the island  
yesterday—at least the officer on the dock  
said they were for practice.

Another departure from headquarters of  
the Department of the East on Governor's  
Island yesterday was Lieutenant Colonel  
Ralph M. Hunter, who left for Galveston,  
Tex., to take charge of the supplies for  
the army in Mexico.

From Colonel M. Gray Zalinski, depot  
quartermaster of the Department of the  
East, it was learned yesterday that the  
government had arranged for sixty trans-  
ports running out of New York in case an  
army is sent to Mexico. The schedule is  
so arranged that no matter what time the  
call comes there will always be sufficient  
transports to begin sending men and sup-  
plies within forty-eight hours.

Announcement was made at the national  
guard headquarters that the regular  
enlistment of the militia—if not called  
for active service before—will begin June  
10, probably at Fishkill Plains. The actual  
site has not been selected, but much of  
the opposition to Fishkill Plains was  
removed after an inspection by army en-  
gineers, developed that enough water  
would be available in easily drilled wells.

With the increasing prospect of peace,  
recruiting took a drop back to normal  
yesterday in the regular service, while in  
the militia all hope of recruiting to war  
strength has been practically abandoned.  
Unless there should come another war  
near its present strength.

The Spanish War Veterans' Civil Service  
Association yesterday sent to Governor  
Glynn an offer of a fully equipped regi-  
ment of veterans in case of war being  
declared.

## OARSMAN WINS PRIZE

Albert C. Rothwell Honored by  
Seniors at Columbia.

Albert C. Rothwell, who has pulled an  
oar in the Columbia University crew for  
two years, was chosen as the most faith-  
ful and deserving student by the senior  
class of Columbia College yesterday, and  
awarded the annual Alumni Association  
prize.

Rothwell's home is in Wyoming, and he  
is a member of the class of '14. His  
class competitor for the honor was Adel-  
bert F. Smithers, editor in chief of "The  
Spectator."

The seniors elected as permanent class  
officers were Lester D. Egbert, president;  
R. W. Milbank, vice-president; K. E.  
Valentine, secretary; G. B. Murphy, treas-  
urer, and C. M. Knapp, historian.

## U. S. CONSULS SENT BACK

May Use Discretion, However,  
About Returning to Mexico.

Washington, April 30.—Instructions were  
issued to-day by the State Department  
to certain consuls in Mexican cities, au-  
thorizing them to return to their posts  
and resume their official duties, "in their  
personal discretion." The American con-  
suls were all ordered out of Mexico, and  
the affairs of this government turned  
over to representatives of Brazil and  
France, shortly after the seizure of Vera  
Cruz.

William P. Blocker wired the State De-  
partment from Eagle Pass, Tex., to-day,  
the following:

"After a personal conference with Gen-  
eral Murguia, commander of Carrandistas  
in Piedras Negras, I have returned to my  
post and am carrying on consular duties.  
The best of order prevails there. Murguia  
has assured me that all foreigners and  
their property will be given absolute pro-  
tection. Within a Constitutional limit, Murguia  
says he will occupy Sabina as soon  
as the railroad is repaired and will  
endeavor to secure the stolen property of  
foreigners that was confiscated by Fed-  
erals, as was reported in department dis-  
patches."

## Taft Confined by Injured Foot.

New Haven, April 30.—Ex-President  
Taft is suffering from a slight injury to  
one of his toes. As it is painful for  
him to walk, his physician has advised  
him to remain at home for a time. Be-  
cause of this he has cancelled his en-  
gagement to attend the convention of the  
2d Episcopate fraternity at Providence to-  
morrow.

## Fighting in Santo Domingo.

Santo Domingo, Dominican Republic,  
April 30.—The Dominican government  
troops to-day continued to press their  
attack on the rebels in Puerto Plata and are  
gradually gaining ground. It is reported  
that discord has occurred among the re-  
bels, two of whose leaders, Felix Arias and  
Leonte Vasquez, have proclaimed them-  
selves President.

## WOULD REWARD DR. COOK

Senator Poindexter Thinks He  
Is Discoverer of Pole.

(From The Tribune Bureau.)  
Washington, April 30.—Senator Poindex-  
ter offered a resolution in the Senate to-  
day to extend to Dr. Frederick A. Cook  
the thanks of Congress for the discovery  
of the North Pole on April 30, 1908, and to  
direct the Secretary of the Navy to pre-  
sent to him a medal, to cost \$50, in recog-  
nition of his services to science.

In support of his resolution Senator  
Poindexter said:  
"I have observed closely the so-called  
polar controversy and am convinced that  
a grievous wrong has been done to Dr.  
Cook by the failure of his country to re-  
ward or to recognize his great services in  
this connection."

"Congress has investigated the proofs  
of Robert E. Peary, and it is but right that  
it should also investigate those of  
Dr. Cook. If injustice has been done and  
merited honor has been withheld we  
should now bestow it."

"Is the Senator reading from a com-  
munication or stating his own views?"  
asked Senator Weeks when Senator  
Poindexter had concluded his statement.

The chances that the Senate will take a  
hand in the Cook-Peary controversy are  
remote. Several months ago Dr. Cook  
bombed Senators with communications  
asking that he have an opportunity to  
prove his claims to the discovery of the  
North Pole, but Senator Poindexter's  
resolution is the first evidence that these  
pleas have had any effect.

## Electric Shock Worth \$15,000.

Exeter, N. H., April 30.—An electric  
shock, caused by crossed wires, cost the  
New England Telephone and Telegraph  
Company \$15,000 in Superior Court to-day.  
This sum was awarded to John A. Mc-  
Adam, who was disabled for more than a  
year by a shock received while telepho-  
ning in 1911.

## St. Paul's Dormitory Burns.

Concord, N. H., April 30.—Teachers and  
students in Fish House, one of the small-  
er dormitories at St. Paul's School, were  
driven from their rooms to-day by a fire  
which ruined the interior of the building.  
No one was hurt.
